Statement	<p>The dataset contains data from the Open Street Map (OSM) open-source, downloaded in March 2022. Data included classes "marina" and "pier". A selection of data within a distance of 300m from the HELCOM Assessment Unit marina area was done in order to remove land data.</p> <p>OSM data is not quality assured and is based on a database that can be freely modified by all users.</p>
